Cycle Notes

Her love is in a cycle
Reproducing the circumstances of sojourner she fears
"She could no longer be without other people,
"She became embarrassed about her careful primping and preening.
"Even if the purpose of your existence was to torment her, to destroy her bit by bit
with your cultivated manner.
"Something makes her cough slightly, with a lightly clasped fist pressed to her lips,
elegantly concealing any action of her internal organs.
"With the complete faith of a child, her submissiveness
"She reached her hand over and stroked her hair; her fingertips carried a cool hint of
cleanliness, cool as fresh green mint, that spread onto her newborn flesh, onto her
supple neck.
"Take her with you."

These are plots she's written for herself
She wanted to feel it. Then now she is feeling it.
After that long boredom she wanted to have the intense, fanatical feelings
That was her decision on her shifting episodes.
Be back. You are apart from that taut moment.
